Home Department.

Notification.

Public.

Simla, the 28th August 1872.

No: 3421. — The following despatch from the Right-Hon'ble the Secretary of State for India on the subject of prohibiting public officers from engaging in speculation in India is hereby re-published for general information.

As doubt has been expressed regarding the application of the orders contained in the despatch, the Governor-General in Council thinks it right to give notice that he will be prepared to enforce the principle therein laid down in regard to all public servants of whatever class or position; and His Excellency in Council relies on Local Governments, Administrators and

and Heads of Departments to see
that it is not infringed.

Despatch No 46, dated 31st
May 1862.

" I have considered in Council
your letter (No 23) dated 11th
March 1862, transmitting your
proceedings, consequent on the
accompanying minutes by
the Governor and the Members
of the Government of Bombay on
the question of prohibiting
public officers from ~~engaging~~ engaging
in speculations in India.

"2. You will have learned from
my despatch to the Government
of Bombay, No 11, dated the 8th
April last, that, in connection
with the orders of that Government
of the 26th November 1861, relative
to the case of public officers, who
might take part in any Company
formed for working the gold mines
in the Dummul Hills, I stated
that

that "as a general rule, I see no objection to servants of Government holding shares in mining or other Companies having for their object the development of the resources of the country; and the only restriction I think it necessary to impose is, that public servants shall take no part in the management of such institutions and shall not be employed in the districts, where the operations of the Company may be carried on.

"3. × × × × × × × × ×

I think it important that this condition should be maintained and I have to direct that my decision, communicated in the terms above quoted to the Government of Bombay, may be made generally applicable and may be published for general information.

"4. There can be no doubt as to

-H.

the great evil of public servants in India engaging in speculations in the public funds, or in the shares of Joint-Stock Companies; but I agree in the opinion of Lord Canning that such a practice, on the part of any officer, could not long escape the knowledge of Government, and that it would be in the power of Government to mark its sense of such conduct either by withholding promotion, or in any other way it might deem fit."

ne that the orders were not intended to apply, and ought not to be applied, to associations which are *ona fide* for the purpose of mutual supply and not of trade and trade profit. Whilst, however, it is not necessary that public servants should be absolutely prohibited from taking part in an association of his restricted kind, it must be remembered that such extra employment may frequently be prejudicial o the public service on the ground that as a general rule no one can serve two masters; and care should be taken that the interests of the Government do not suffer.

5. I concur with your Excellency in Council in thinking that the standing orders as to the connection of Government officers with trading companies apply to Gazetted officers of Government of he covenanted and uncovenanted services, and do not apply in the case of clerks and other ministerial officers in Government employ. With regard to this class, the supervision of heads of department, will, trust, always suffice as a check; and moreover Government can at any time prohibit any extra employment which in its opinion it is undesirable that its servants should undertake.

That the Board express their full appreciation of the services of Mr. C. Madiah as the Vice-President of the Board.

That the Board feel sorry to loose the services of Mr. C. Madiah and they express their hearty thanks for all the good services rendered by him both for and on behalf of the Board.

Speech delivered at the meeting by Mr. C. Raja Rao, Municipal Commissioner.

"Mr. Vice-President and Gentlemen,

"We all know that this will be the last meeting presided over by Mr. Madiah, our Vice-President, "on behalf of the Non-official body of the Municipal Commissioners, I thank him for the courtesy and "kindness which he invariably showed us. Power is sweet and men always cling to it, with a few ex- "ceptions, officials are never inclined either to part with their power or to allow others to co-operate with "them in the exercise of it. Mr. Madiah, I say, is an exception to this ; he gave us great deal of free- "dom of action and left things to our good sense. Our relationship with him was very cordial and it "was our peculiar good luck to have both Mr. Madiah, and his predecessor Mr. Coopoosawmy Mudaliar, "who were exceedingly good and popular as our Vice-Presidents. As a private individual Mr. Madiah "is a kind friend, very courteous, and simple in his manners, in short he is a gentleman and I therefore "propose a vote of thanks and record Proceedings to the said effect."

Mysore Government Press, Bangalore.—1887

The 27th May 1887.

No. 31.—In republishing for general information and guidance the following Despatch from the Secretary of State for India dated the 19th July 1883, No. 73 (Public), His Highness the Maharaja's Government hereby exempt all public servants below the grade of Munsiffs and Deputy Amildars from the operation of the Rule contained in the late Chief Commissioner's Notification No. 177, dated 21st September 1874, prohibiting public servants holding shares in joint stock and other companies whose operations may be carried on in the Districts in which such public servants may be employed.

From A. Mackenzie, Esq., C. S., Secretary to the Government of India, Home Department, (Public),
To the Chief Secretary to the Government of Madras, dated Simla, 6th September 1883,
No. 37—1211.

I am directed to forward, for information and guidance, a copy of the correspondence, marginally noted, with Her Majesty's Secretary of State for India on the subject of the connection of public servants with the management of co-operative associations. It will be observed that it has also been decided that the standing orders relating to the connection of Government officers with trading companies do not apply in the case of clerks and other ministerial officers in Government employ.

Despatch to Secretary of State, No. 25, dated 24th April 1883.
Despatch from Secretary of State, No. 73, dated 19th July 1883.

From the Government of India, To Her Majesty's Secretary of State for India, dated Simla, 24th April 1883, No. 25 (Public).

We have the honor to transmit herewith a copy of a letter from certain tradesmen carrying on business at Simla, representing that a co-operative association at that station is managed and directed by covenanted and uncovenanted servants of the Government, and praying, with reference to the existing orders of the Government which prohibit public servants from engaging in the management of companies, that the gentlemen who now take part in the direction and management of the association may be instructed to withdraw from their connection with it. We also transmit a copy of the documents marginally noted, together with a copy of our orders, dated 11th January 1883, (referred to in the first paragraph of the memorialist's letter), ruling that uncovenanted officers are prohibited from becoming members of the board of direction of any bank.

1. Memorandum of Association of "The Simla Co-operative Association, Limited."
2. Articles of Association of "The Simla Co-operative Association, Limited."

2. It will be seen that the "Memorandum of Association" of the Simla Co-operative Association, Limited, declares that "the objects for which the Company is established are for the purpose of carrying on a general mercantile business and supplying shareholders and season ticket-holders of the Association, and the public, if hereafter found desirable, with articles both for consumption and general use at the lowest possible prices, and the doing all such other things as are incidental or conducive to the attainment of the above object." It further appears that shareholders alone are entitled to participate in the profits of the Association. Under the "Articles of Association" a share cannot be transferred without the consent of the Directors, but on the death of a member his shares are transmissible to his executors or administrators, and on his bankruptcy or insolvency to the persons legally entitled thereto. Directors are not to receive any remuneration unless and until the general body of shareholders at a general meeting decide that such remuneration is to be paid; and in any case the remuneration is not to exceed Rs. 20 a month. A reserve fund may be formed, and no greater dividend than 6 per cent per annum upon the paid-up capital is to be declared until the reserve fund reaches a sum equal to one-fourth of the capital of the Association.

3. A perusal of the "Memorandum" and "Articles of Association" by which alone can the legal character of the institution be determined, leads us to the conclusion that this Association must at present be held in law to be a trading company in the ordinary sense of that term, though we are informed that it does not, in fact, sell to the general public or to any but registered subscribers.

4. We have reason to believe that similar associations have been formed elsewhere among Railway employés and others; and we are unwilling to do anything to discourage them so long as they

confine their operations to those of mutual supply. It has been suggested that, if the Association at Simla modified its constitution by binding itself formally to restrict its operations to those of a mutual supply association, not to sell goods to outsiders and not at any time to divide among its members profits exceeding a fixed and reasonable rate of interest on the capital advanced, there would be no objection to allowing Government officers to serve on its direction. * This is the view that we are ourselves inclined to take ; but, as doubts have been raised as to whether the prohibitions contained in Sir C. Wood's Despatch, No. 46 of the 31st May 1862, and the other standing orders regarding the connection of Government officers with trading companies are in any case intended to apply to associations of this kind and are not rather meant to prevent Government officers from interesting themselves in companies designed to develop the resources of the country, which are necessarily of a mere speculative character, it appears to us desirable to ask for an authoritative expression of the views of Your Lordship on the whole subject.

* From a notice issued by the Directors (copy enclosed) we gather that the change indicated is likely to be made.

5. There appear to us to be sufficient grounds for prohibiting public officers from being concerned in the management of any description of company established for purposes of trade and trade profits, such, for instance, as banks, in regard to which we recently issued the ruling referred to in paragraph 2 of this Despatch ; but, as already intimated, we would not interfere with co-operative associations *bonâ fide* conducted as such, which exist only for purposes of mutual supply and not for profit.

6. Another point which has been raised in connection with this case is the question whether the standing orders under consideration apply only to the Gazetted officers of Government of the covenanted and uncovenanted services, or whether they are to be held applicable in the case of clerks and other ministerial officers in Government employ. We think that, looking to the object which the orders had in view, their operation may be held to be confined to the case of Gazetted officers and that in the case of ministerial and other subordinates it is sufficient to see that they give to Government the whole of the time for which they are paid. Government need not ordinarily concern itself with their avocations out of office hours so long as these do not involve them in pecuniary difficulties or disreputable associations ; but it should always be at liberty to prohibit such employments for sufficient reason in any particular case.

From Her Majesty's Secretary of State for India, To the Government of India, dated India Office, London, 19th July 1883, No. 73, (Public).

I have considered in Council your letter No. 25, dated 24th April last, transmitting, with connected papers, a copy of a letter which has been addressed to you by certain tradesmen carrying on business at Simla, representing that some covenanted and uncovenanted servants of Government are engaged in the management and direction of a co-operative association, and requesting that they may be directed to withdraw from the Association.

2. Your Lordship considers that the Association as constituted must be held to be a trading company in the ordinary sense of the term. I concur with Your Excellency in this opinion and think that public servants are precluded under existing orders from taking part in the management of such an Association.

3. You further express the opinion that there would be no objection to Government officers engaging in the direction of the Association if it modified its constitution by formally binding itself to restrict its operations to those of a mutual supply association, and not to sell to any save members of the Association, and not at any time to divide among its members profits exceeding a fixed and reasonable rate of interest on the capital advanced. You are doubtful, however, whether the provisions of Charles Wood's Despatch of the 31st May 1862, and other standing orders on the same subject, would apply to connection with an association of this nature, and you request an authoritative expression of my views on the subject.

4. The orders referred to were not intended to apply to the participation of Government officers in the direction of those companies only which are designed to develop the resources of the country, and you have recently very properly ruled that they preclude such officers from taking part in the direction of Banks. But the question of the propriety of allowing public servants to engage in the management of an association for mutual supply turns on a different principle, that namely, of the compatibility of a second employment with the due discharge of the public one which the officer holds. And it appears to

4. The existing rules applicable to Government servants having any connection with the business of Joint Stock or other Companies are the following:—

Government of India (Home Department) Notification No. 3421, dated 28th August 1872.

Prohibiting Public Officers from engaging in speculation republished in Mysore Gazette of 14th September 1872.

Chief Commissioner's Notification No. 242, dated 16th January 1873.

1. That no servant of Government shall be connected with the management of any Bank or Company in Mysore.

2. That Government officers shall cease to hold such appointments as Agents, Secretaries, Managers, Managing Directors, and similar situations in any Banks or Companies, or resign Government service by 1st January 1874.

3. All Government officers otherwise connected with these institutions should break such connection as opportunities offered, and shall be all disconnected from them by 1st January 1876.

Chief Commissioner's Notification, No. 177, dated 21st September 1874.

That the prohibition (as per Rule 3 of preceding Notification) of the connection of Government servants with Joint Stock and other Companies does not extend to the holding of shares in such institutions, excepting as regards public officers who are employed in the District in which the operations of such Companies are carried on.

Chief Commissioner's Notification No. 188, dated 21st August 1876.

That the prohibition of public servants from maintaining their connection with Joint Stock or other Companies (as per Rule 3 of Notification of 16th January 1873, as relaxed by Notification of 21st September 1874) applies also to investments made in shares of Banks by Government employés who are employed in the District in which the operations of such Banks are carried on.

Dewan's Notification No. 31, dated 27th May 1887

That all public servants below the grade of Munsiffs and Deputy Amildars be exempted from the operation of the Rule in the Chief Commissioner's Notification of 21st September 1874, prohibiting public servants from holding shares in Joint Stock and other Companies whose operations may be carried on in the Districts in which such public servants may be employed.

5. It will thus be seen that the Rules prohibiting public servants from engaging in speculation or being connected with the management of any Bank, Joint Stock or other Company have been in full force since 1872—73, that they have not been in any way relaxed by the subsequent orders of Government, that clause (*a*) para 1 of Section 30 of the Land Revenue Code applicable to Revenue Officers did not, so far as it went, introduce a new Rule, and that in passing the orders of 11th August 1890, the Government did not seek to give retrospective effect to the above quoted Rule of the Land Revenue Code, but only directed the enforcement of the standing Rules of the public service which were well known as having been in force since 1872—73.

6. That part of the Notification of 16th January 1873 which prohibited Government officers from being *otherwise* connected with such institutions was declared.

(*a*) By Notification dated 21st September 1874 *not* to extend to holding shares in them, when their operations were *not* in the District in which the officer concerned was employed, and

(*b*) By Notification dated 21st August 1876 to extend to investments in shares of Banks whose operations were in the District in which the officer concerned was employed.

7. By Notification, dated 27th May 1887, Government servants below the grade of Munsiffs and Deputy Amildars (ministerial servants) were exempted from the prohibition contained in Notification, dated 21st September 1874. By reason of this exemption, Public servants below the grade of Munsiffs and Deputy Amildars can now hold shares even in such Joint Stock and other Companies as may carry on their operations in the Districts in which they are employed, but there is not the shadow of a foundation for the Deputy Commissioner's opinion, that a Government servant can now (under the above Notification) be connected with the management of a factory like the one in question. Holding shares in a *bonâ-fide* business Company is a thing totally different from financing and managing the business of a private factory like the Tumkur Oil and Rice Manufactory.

8. The Secretary of State's Despatch, dated 19th July 1883, published with Notification of 27th May 1887, relaxed for British India the prohibition of Government servants from being connected with the management of Companies, only in the case of Associations which were "*bonâ-fide* for the purpose of mutual supply and not of trade and trade profit." Even if the Darbar had adopted the above Despatch in its entirety, (which they did not) the case of Naranachar's Factory which is *essentially* a business for purposes of "trade and trade profit" cannot be protected by it. But as a matter of fact, the Darbar by the Notification of 27th May 1887, merely exempted *ministerial servants* from the prohibition of Public servants holding shares in Joint Stock and other Companies *whose operations might be carried on in the Districts in which such Public servants might be employed.*

* * * *

12. Under the circumstances brought to notice by this correspondence, the Government deem it desirable to issue at an early date a revised Notification embodying all rules on the subject of Public servants being connected with Joint Stock or other Companies or with trade and speculation.

ABSTRACT

Petrs submit that about a year ago they applied for the establishment of an agricultural bank at their place. The amildar of the taluk inspected their estates and supported the petrs' prayer. The Asst in charge of the Agricultural Banks also framed his opinion & rested all the papers to the Dist, and they hear that a report has been submitted to the Govt.

Last year there was no rainfall and they had to run into debt under contract then [illegible]
